

EHE Career Opportunities

EHE International is America's leader in preventive health and wellness programs specifically designed for the early detection of disease and its associated risks, and the management of lifestyle behaviors driving disease. Since 1913, EHE has been the preferred choice by employers and individuals for its evidence based, comprehensive approach to the protection of health. If you're looking for a challenging and rewarding career with the leader in preventive healthcare, then we encourage you to submit your resume.

EHE International is seeking qualified individuals for a number of Clinical and Administrative positions. You are invited to submit your resume with stated salary requirements to Anita Mislá, HR Manager, at hr@eheintl.com or via fax at 212.332.1170. Qualified candidates will be contacted for an interview. *Resumes without stated salary requirements will not be considered ("open" is not acceptable).*

Updated: June 2008

Medical Assistants, Boston (Part Time)

Qualifications: We are seeking experienced Medical Assistants skilled in chart management, patient flow, phlebotomy, EKG's, PFT's, and other screening components associated with adult preventive health physical examinations.

Ideal candidates practice a preventive health lifestyle and are highly professional, articulate, confident, compassionate, and team-oriented. Excellent conversational skills as well as, strong verbal and written communication skills, proficiency in MS Office and Web-based applications are required. No evening, weekend, or on-call hours.

Primary Responsibilities: Prepare patient charts, measure and record patients' vital signs, collect and prepare laboratory specimens, prepare patient examination and locker rooms, and provide other appropriate support to physicians, RNs, and administrative staff members in the performance of physical examinations for adults who take a proactive approach in the management of their health.

Registered Nurses, Boston, MA

Qualifications: We are seeking individuals who hold a current Registered Nurse license (MA, CT) in good standing, have a positive attitude, and are self-motivated.

Ideal candidates practice a preventive health lifestyle and are highly professional, articulate, confident, compassionate, and team-oriented. Excellent conversational skills, strong verbal and written communication skills, proficiency in MS Office and Web-based applications are required. No weekend or on-call hours.

Patient Care Nurses: Primary Responsibilities: Direct patient care and assessment of adults who take a proactive approach in the management of their health. Patient care includes a review of patient history, diagnostic testing, and assisting physicians with cardiac stress testing and colonoscopy procedures. Travel medicine experience a plus.

Vascular/Ultrasound Screening Technician, Boston (Part Time)

Qualifications: We are seeking an individual who has experience with vascular and/or ultrasound screenings.

Ideal candidates practice a preventive health lifestyle and are highly professional, articulate, confident, compassionate, and self-motivated. Excellent interpersonal, communication and organizational skills are required, as well as proficiency in MS Office and Web-base applications.

Primary Responsibilities: To conduct carotid artery, abdominal aorta, and ankle brachial index vascular screening exams.
