

EHE Career Opportunities

EHE International is America's leader in preventive health and wellness programs specifically designed for the early detection of disease and its associated risks, and the management of lifestyle behaviors driving disease. Since 1913, EHE has been the preferred choice by employers and individuals for its evidence based, comprehensive approach to the protection of health. If you're looking for a challenging and rewarding career with the leader in preventive healthcare, then we encourage you to submit your resume.

EHE International is seeking qualified individuals for a number of Clinical and Administrative positions. You are invited to submit your resume with stated salary requirements to Anita Mislá, HR Manager, at hr@eheintl.com or via fax at 212.332.1170. Qualified candidates will be contacted for an interview. *Resumes without stated salary requirements will not be considered ("open" is not acceptable).*

Senior Business Analyst, Pleasanton, CA (Full Time)

Job Description:

Candidate will join a team of software development/QA/UI Designer engaged in developing best of class healthcare and operational applications within the company using leading web application frameworks using Agile methodologies. Candidate will be responsible for:

- Interacting with business partners to elicit, capture, analyze and document business requirements.
- Write new/maintain functional specifications using a combination of wireframe tools, Visio and Word.
- Develop application specific tutorials using tools such as Qarbon Viewlet Builder.
- Facilitate communication between IT and the business.
- Participate in UI/Application design meetings to validate functional requirements.

Qualification Requirements:

- 6+ years experience as Business Analyst capturing/writing functional requirements in a medium to large size web-based application environment.

- Excellent understanding of the web-based technology.
- Understanding of software development lifecycle.
- Understanding of application security including web-based security.
- Fluent with wireframe tools and use of Visio/Word.
- Ability to work in a rapid application development environment.
- Willing to travel to EHE International's NYC HQ.

Additionally candidate must have:

- Excellent communication skills and ability to work well individually and in a team environment.
- Experience with healthcare and HIPAA a plus.
- Strong interpersonal skills and superior customer service attitude.
- Ability to prioritize/juggle multiple tasks.

We offer outstanding benefits including Health, Dental, Vision, 401K plan and fitness membership! No relocation.

Education: B.S. in Computer Science, Information Management or equivalent.

Job Experience: At least 6+ years with hands-on experience with the above requirements.
